TROY JUNIOR BASEBALL

2016 RULES AND REGULATIONS T-BALL, J-MINOR, MINOR AND MAJOR LEAGUES

Troy Junior Baseball is a recreational youth baseball league open to children from age 5 to 15 of the Troy, Ohio area. Rules specific to TJB are intended to enhance opportunities to play and develop baseball skills as a priority. All games within the first four (4) divisions (T-ball, J-ball, Minors and Majors) are played at the TJB Knoop Complex at the intersection of Eldean Road and County Road 25A north of Troy, Ohio.

The Knoop Complex is private property owned by Troy Junior Baseball Inc. (an Ohio non-profit). Rules of Miami County and City of Troy parks do not apply to the complex. The complex is a gun free zone, **DO NOT BRING YOUR FIREARM TO THE COMPLEX.**

1. DIVISIONS

All leagues are governed by the Ohio High School Athletic Association baseball rules with special exceptions written by Troy Junior Baseball. The team coaches are volunteers. It is the coaches' responsibility to teach each player the fundamentals of baseball, good sportsmanship and fair play.

A. T-Ball

Open to players are 5 and 6 years old as of May 1.

The T-Ball League is an instructional/non-competitive program to teach the fundamentals of baseball, not to be won or lost, but to have fun while learning. While batters use a tee, there are a set number of coach-pitched balls prior to the tee being used. Players will learn how to run, throw, hit, catch, and field. T-Ball is designed to provide maximum playing time and enjoyment for all players, not to stress winning strategy or competitiveness

Team sizes vary from 10-14 players. Practice days vary by team, but most meet one to two times a week pre-season, then some will only meet once a week to practice, pending game schedule. Each team will usually have games one to two times per week. No score is kept.

TJB provides participation trophies for all T-Ball players at the end of the season. The T-Ball league does not participate in post-season All-Stars or have an end-of-season tournament.

B. J-Ball

Open to players are 7 and 8 as of May 1.

Typical velocity of thrown ball is 30 – 42 MPH at this age range.

The J-Minor League is an instructional league where skills and understanding of baseball are further developed from T-ball in preparation for the Minor League. Although winning is fun, this league is about teaching the kids all season long. It's the coaches' responsibility to accomplish this throughout the season! Hitting, throwing, fielding, and good sportsmanship should be the main goal for coaches, parents and kids. We as an organization want the kids to have fun, learn a lot and have a great experience with baseball through TJB!

Changes from T-ball include:

- Elimination of a batting tee
- Use of a hard ball rather than a safety ball
- Innings of three outs
- 10 players on the field at any one time
- Maximum of 4 outfielders
- Bunting
- Full potential advancement on a play (except on overthrows)

C. Minors

The Minor League is a league leading to the Major League. Player ages are 9 and 10 as of May 1

Typical velocity of thrown ball is 37 - 55 MPH at this age range.

Changes from J-ball include:

- Pitched balls from player of opposing team
- Base Stealing, without leading off

There are approximately 11 regular season games. In addition, all teams participate in End of Season Championship Tournament. All players receive equal playing time. Competition and playing to win is encouraged, but is secondary to teaching solid baseball skills and building character.

D. Majors

Player ages are 11 and 12 as of May 1.

Typical velocity of thrown ball is 43 -61 MPH at this age range.

Players begin to narrow their position play more at this level. Rules for advancement on the bases more closely match those of higher leagues (HS, College, etc.). The Major League is a league leading to the Teener League. If a Major League player is capable and/or eligible to play in the Teener League, that player cannot play TJB and Teener League at the same time.

Changes from Minor League include:

- Base runners may lead off
- Grass infield with raised pitching mound

A hard ball is used. Steel spikes are not allowed. The season begins in late April and the league strives to be finished before the 4th of July. Pre-season practice begins in late March. Rosters are made up of 11-13 players per team. Continuous batting orders are used and defensive substitution rules are in place to keep playing time at a maximum for all players. The season concludes with a tournament and teams will usually play a total of 17-22 games for the entire season.

E. Teener

The Teener Division is for players age 13-15.

Typical velocity of thrown ball is 55 - 73 MPH at this age range.

The player cannot turn 16 prior to May 1st of that season. *The games are played at Duke Park in Troy, Ohio.*

A hard ball is used and steel spikes are allowed. The season runs from early May to early July. Rosters are made up of 12-13 players per team. Continuous batting orders are used to keep playing time at a maximum for all players. The season consists of 12-16 regular season games plus a double elimination tournament at the end of the year. The player may take another defensive position, but may not continue pitching. **Repeated removals will be brought to the attention of the league rep.** All coaches are to make the safety of the players their highest priority.
2. Pitch Limits
 - a) Any player on a regular season team may pitch. (NOTE: There is no limit to the number of pitchers a team may use in a game.)
 - b) The manager must remove the pitcher when said pitcher reaches the limit for his/her age group as noted in the table below, but the pitcher may remain in the game at another position:

Pitches Thrown	Required rest between pitching appearances	Mon	Tues	Wed	Thurs	Fri	SAT
20 or less	No Rest (0) Days required	Tues	Wed	Thurs	Fri	SAT	SUN
21 - 35	1 Day	Wed	Thurs	Fri	SAT	SUN	Mon
36 - 50	2 Days	Thurs	Fri	SAT	SUN	Mon	Tues
51 - 66	3 Days	Fri	SAT	SUN	Mon	Tues	Wed

- c) If a pitcher reaches the limit imposed in this regulation for his/her league age while facing a batter, the pitcher may continue to pitch until any one of the following conditions occurs:
 - That batter reaches base
 - That batter is put out
 - The third out is made to complete the half-inning.

- d) Each team must designate the scorekeeper or another game official as the official pitch count recorder.

F. Balks

1. All pitchers that appear in a game will receive one (1) warning from the Umpire if they commit a balk. This warning will be with no penalty or put-out and all runners will return to their previous base(s). After one (1) warning for a pitcher, any balk by that pitcher called by the umpire will be ruled a balk with the appropriate penalty.

G. Dropped Third (3rd) Strike

1. A called third (3rd) strike that is dropped by the catcher.
2. A pitch that is swung at and missed for strike three (3) that is either dropped by the catcher or hits the ground prior to reaching the catcher.
3. If first base is unoccupied, (outs do not matter), the batter becomes a batter/runner and may advance to first base with the liability to be played upon. If runners are on 2nd or 3rd bases, they may advance at their own risk with the liability to be played upon.
4. With less than two (2) outs and 1st base is occupied, the batter is out. Runners on 1st, 2nd or 3rd bases may advance at their own risk with the liability to be played upon.
5. With two (2) outs and 1st base is occupied, the batter becomes a batter/runner and may advance to 1st base and the runner on 1st base is forced to advance with the liability of either runner being played upon. If additional runners are on base, they have to advance if forced (2nd base) or may advance at their own risk (3rd base) with the liability to be played upon.

H. Infield Fly Rule

1. The purpose of the infield fly rule is to prevent double plays. The rule applies only when there are fewer than two (2) outs, and there is a force play at third base (i.e. there are runners at first and second base, or the bases are loaded). In these situations, if a fair fly ball is a hit that, in the umpire's judgment, is catchable by an infielder with ordinary effort, the umpire shall call "Infield fly", and the batter will be out regardless of whether the ball is actually caught in flight. Umpires typically raise one arm straight up to signal to everyone that the rule is in effect.
2. If "infield fly" is called and the fly ball is caught, it is treated exactly as an ordinary fly ball; the batter is out, there is no force, and the runners must tag up. On the other hand, if "infield fly" is called and the ball lands fair without being caught, the batter is still out, and there is no force, but the runners *are not* required to tag up. In either case, the ball is considered "live," and the runners may advance at the risk of the ball being caught.
 - a. Without this rule, a defense could easily turn a pop-up into a double play. If the runners all stay near their bases to tag up, the defense could let the ball drop; throw to third base and then to second, for a force-out at each base. If any of the runners fail to stay near their base, the defense could catch the pop-up, and double-off any runner that failed to tag up. With the force play removed, this tactic is not possible.
